

**WARRANTY CONDITIONS**  
**FOR UPKEEPING AND TREATING UNIFORMS, OFFERED BY BONITA STYLE Ltd.**

GENERAL CONDITIONS FOR CORRECT USAGE	
Please, keep the general care instructions inside of the clothes and pay attention to the table below in case you need further information for specific conditions.	
<p align="center"><b>GENERAL CARE INSTRUCTIONS</b></p> 	1/ When you wash the clothes, it is advisable to match the colours because of different stability. In case of matching dark colours with light ones we highly recommend you first to do tests. It is permitted to use colour catcher sheets, as well as Perwool.
	2/ We advise you to dry all knitted articles horizontally. Otherwise you take a risk of stretching the knitted fabrics.
	3/ You need to use the 'Delicates, hand-wash, wool' program on your washing machine in case of washing woollen articles with slower spin. <b>DO NOT</b> use dryer.
	4/ <b>DO NOT IRON</b> knitted elastic elements ( <b>knitted cardigan and pullovers, elastic belts, elastic cuffs and 'bias cutted' zones of the pullovers</b> ). Still if there is a need of ironing <b>DO NOT USE STEAM!</b>
	5/ <b>DO NOT STRETCH</b> pullovers' neckline by undressing. This action can cause thread tearing. It is advisable to undress pullovers overhead without stretching.
	6/ <b>WASH, DRY, IRON:</b> It is recommended to wash clothes max at 40° and 600/800 cycle/min. <b>Dryer usage is not recommended.</b> Avoid direct sunlight.
	7/ <b>SCHOOL LOGOS</b> are not suitable for ironing of the front part. Max. temperature 90°.

2.6	Short and 3/4 SOCKS / TIGHTS	Cotton/Elastane	<b>Machine wash up to 30°C;</b> Do not bleach; Do not machine-dry

**Attention!** Please, be aware of the following instructions in case you need further information about **T-shirts type 'Lacoste'** or cotton textile and knitted-fabrics:

1.1. During shrinkage tests ( washing and drying ) of T-shirts type 'Lacoste' we determine 5-10% shrinkage by length, which means 3-7 centimetres. This is observed a single time only. **If you have the intention of changing the length by making corrections we highly recommend you to do it after washing the clothes at home.**

**NB!** Our designers make all parts of the school uniforms having in mind the materials we use shrink in case of washing. This principle is observed for every size and each part of the uniform.

1.2 The information previously mentioned is valid for all products made out of cotton textile and knitted-fabrics - T-shirts, sweatshirts, sport pants, etc.
